---

An early Software Developer who is looking to write helpful solutions for a major technology corporation and is willing to relocate and see new things.

## Education

**B.S. | Stephen F. Austin State University | December 2022 | Major in Computer Science | Minor in Information Technology | 3.5 / 4.0 GPA |**

**Diploma & AA | Arlington Collegiate Highschool at Tarrant County Community College SE | Class of 2020 | 3.7/4.0 GPA |**

## Skills

- HTML, CSS, JavaScript, React, NodeJS, Java, REST APIs, Git, MongoDB, SQL.

## Experience

**Stephen F. Austin State University | October 2021 - Present | Nacogdoches, TX**

### *Student Technician*

- Consulted with students and staff about troubleshooting and electronic hardware repair then executed specified repair.
- Authorized access to sensitive student and staff information, tracked threats throughout the enterprise and screened individuals through the procedure.

**IBM | June 2022 - August 2022 | Remote**

### *IBM Accelerate Participant - Software Track*

- Selected to participate in the IBM Accelerate program, which offers high-potential undergraduate students a virtual learning experience delivered through weekly live sessions over eight weeks during the summer.
- Learned fundamental concepts, processes, and skills, such as **Agile-driven development**, version control using **Git**, critical thinking, problem-solving, emotional intelligence, and **growth mindset**.
- Developed the front end of a to-do list application using **React**, **HTML**, **CSS**, and **Material UI**.
- Built the backend of a to-do list application using **REST services** and **Node Express**.
- Implemented **unit tests** to validate the functionality of frontend and backend components.

## Projects

### **Who is Lone? | Personal Website | HTML, CSS, JS**

- Built using pure **HTML**, **CSS**, and **JavaScript** to see what I could do with no framework and no APIs; the basis helped me find alternate ways to deal with **CSS** positioning and how to incorporate **JavaScript** throughout the site.

### **OSED | School Project | ASP.NET, Bootstrap, SQL, Git**

- Collaborated and built a session-based habit tracker with 2 other students.
- Styled pages and designed the SQL database relationships relating to the user and all the content specified to that user.

## Certifications

- [Working in a Digital World: Professional Skills | IBM | June 2022](#)
- [Explorations into Mindfulness | IBM | June 2022](#)
- [IBM Accelerate - Software Developer | IBM | August 2022](#)

## Leadership

- **SFA Rugby Club | Assistant Coach** | Teaching rugby skills and mentoring players through development.
- **SFA | Chair of the Department of Computer Science Student Advisory Board** | Provides input and advice on decisions and initiatives impacting the department's short and long-term goals.
